

# PAR CONSTRUCTION, INC.

## General Contractors

August 30, 2006

To Whom It May Concern:

I have had the pleasure of working with Mr. Kevin Sweeney and Commercial Window Installers for more than 15 years on both residential and institutional projects.

Commercial Window Installers has all the attributes that an Owner or General Contractor is seeking:

- Quality products
- Quality installation
- Reasonable pricing
- Responsiveness to warranty/punch list items
- Value engineering capabilities and creativity
- A cooperative, team player attitude

Par Construction will continue to work with Commercial Window Installers in the future, and I recommend them highly. Feel free to call with any questions or if you wish to discuss in greater detail the value they will bring to your project.

Sincerely,

Russ Rojakovick  
President
